PIANOS MELODEONS: IIII PIANOS G. W. KIBBEE

W HO has been for many years located in Tennessee as a Tunor and Repairer of Pianos, would respectfully call the attention of the musical public to the fact that, he visited New York last year for the surpose of making arrangements with the best Plano Forte Blakers to sell their instruments after spending several weeks in that great metropols, wisting the different Manufacturers of note, he came to the conclusion—and who might be judge in this case if a Tenor of tredve years is not3—thus the Planos of Lighte, Newbox & Bradburys should be preferred to all others. He accordingly made an agreement with them whereby he is emabled to fur niss Planos at rotall cost in New York, freight and sharges added, so that every one who buys of Elm may know that he is not paying more for his article than he would be charged by the Manufacturers themselves if he were to visit them in person. This House is making twenty Planos per week, a much greater number than is made by any either in the United States, and for purity and volume of tone and fine ness of shigh, both inside and out, the proof is that they stand wholly ungivalled. These Planos were awarded the first premium by the juries of the World's Fair and the Fair of the American Institute is 1853. Among the many Manufactures who have from time to time examined these Instruments, testified to their superiority, and recommended them to their friends, are Lowel Blason and Thos Hastings, of ward, wide estebrilly, it. C. Timm, President of Philharmonic Society, N. Y., Thoodore Elabeld, conductor Philharmonic Society, N. Y., Geo. F. Boot, juror in the Pair of the American institute in 1853, J. Least, U. C. Hill, F. B. Kash, Edward Howe, Jr., &c., &c.

Geo. J. Weeb, of Boston, the well-known and popular Teacher and Composer, after examining those fustruments and tectifying to their other other appearance, person of them of the high-energy for the meritance, many of them of the highest style and finish—field or \$700. New York last year for the surpose of making arrangeme with the best Piano Forte Makers to sell their Instrumen ces, many of them of the high

et style and finish—\$600 or \$700. This is the first New York Plane Agency ever established a Boston.

Geo. **F. Bristow*, New York*, the distinguished composer, or satisf and planist, was authorized by the New York starments society to select the next Plano that a nid be made for their use. He gave the preference is lightly. Newton a Bradbury's large scale over all others, Grand's not exampled and purchased one for the use of the Society.

Sat Mr. Ribbee deems it unaccenary to multiply words to the people of Middle Tennessee. The fact that he has been for many years a soccessful Tuner among them, and has met with, and Tuned and Repetred 'tianes of every make, should inspire confidence in its judgment, and the fact that he regularly viaits them twice a year would show that it is more to his interest to sell them a good Piano than it could be to that of any other dealer. As to the prices and quality of these Plance, Mr. Kibbee axhibits the price that and description of the Makers, which contuits twenty different styles at prices ranging from \$250 to \$250, at their Ware Moons, No. 32 Broome Surest, New York. So there can be no described by Messra, Lighte, Newton & Reathurys to give warrantees of all their Plance sold by him.

Mr. Kibbee also visited the well known Melodeon Establishment of Carhart, Needham & Co., No. 37, East Eld street, New York, and made in arrangement with them to furnish Melo loons, so that he can sell hem at their New York satall street, New York, and made in arrangement with them to Firth, Pend & Co. New York, which can be insummed have before very popular in the Eastern and Nerth-Western States, and truly deserve the notice of all those who are

"Charmed by concord of sweet sounds."

He has also an arrangement with the firm of Firth, Pend & Co. New York, which embles him to furnish Sheet hissis. Sec. s. Bristow, New York, the distinguished composer

He has also an arrangement with the firm of Firth, Pond a Co., New York, which enables him to furnish Sheet hinsic nd Small Massical instruments at New York prices.

Ms. Kinezz has formed a partnership in the sale of these Pino with D. B. SHRIVER, of Shelby vitte, Tenn., Who wil keeps large assertment in his elegant Furniture Ware Rooms on Depotatron.

TMOS. I. HALLEY, of Columbia, Tenn. These Gentleman will sell Planos as chemp as they can be bought at the Warv flooms in New York, after adding freight and charges. They are also supptied with Carhatt, Newham & Co.'s Malodeous, which they will sell on the same liberal terms.

ME. Kassar will keep all Pianos sold by the above named Gentlemon in tune for one year, without charge and will give written warrantees by the authority of Lighto, Newton & Beadburys on his first visit. All communications from the country on the subject of Pianos or Meiodeons, or of Twing and Reparing, will be promptly attended to. Families residing in the city can loave orders at my residence, opposite Odd Fellows' Hall, or ad dress through the Post-Ollies,
